Question:

1. Will a trailer with 2 7,000 lb axles meet your requirements? If not what size axles do you want?

Response: No, trailer must meet specifications as written due to the equipment to be loaded on it. Note first bullet point on RFQ.

Question

2. Deck dimensions: A deck of 84" will be over width, will 82" width be OK?
length of 22' --I understand this to be a 20' flat deck plus a 2' dove tail.

Response: No, again, equipment requirements indicate the deck size and length as given are necessary.
